

> Socorex Plastic Pipette Reagent Reservoirs

Socorex Plastic Pipette Reagent Reservoirs

The Socorex plastic pipette reagent reservoirs are available both for single and multi channel pipettes. The V-shaped reservoirs are well suited for single and multi-channel pipetting. The 70 ml capacity reservoir is open while the larger 175 ml size comes with a hinged lid. Multichannel Reservoirs have a 40 ml capacity, in 8- or 12- channel options.
