

Laboratory Equipment, Orbi-Shaker Jr. Compact Orbital Shakers

The Orbi-Shaker Jr. is a compact, personal size orbital shaker, ideal for benchtop use or low capacity applications. This Orbital Shaker comes with a rubber platform that makes it ideal for culture flasks, petri dishes, and staining trays. The Orbi-Shaker Jr. is available in 115V or 230V versions, and features a large convenient LED control panel. There is a constant monitoring system to ensure accuracy throughout the program. Also available is the Magic Clamp Universal Platform system (sold separately) for use with Erlenmeyer flasks and test tube racks. A unique magnetic attachment makes it easy to switch between different sizes. Clamps for the Magic Clamp system are available in sizes ranging from 50 ml - 1L.

Description	Stock #	Case Pk	Price/Cs
--- Roller Platform for Orbi-Shaker Jr.	BT300-RP	1/cs	\$336.53
1L Clamp for Magic Clamp Platform	H1000-MR-1000	1/cs	\$52.36
500 ml Clamp for Magic Clamp Platform	H1000-MR-500	1/cs	\$34.27
125 ml Clamp for Magic Clamp Platform	H1000-MR-125	1/cs	\$30.46
--- Clamp for Magic Clamp Platform	H1000-MR-1550	1/cs	\$137.09
50 ml Clamp for Magic Clamp Platform	H1000-MR-50	1/cs	\$28.56
--- Magic Clamp Universal Platform for Orbital Shakers	H1000-MR	1/cs	\$224.20
