

## MicroPipettes, MiniFix Reusable Fixed Volume Micropipettes

MicroPipettes, This line of MiniFix reusable fixed volume micropipettes comes in 10 color-coded sizes, from 5 ul to 1000 ul. These micropipettes feature a compact design and weigh less than 10 grams each. They are single blister packed with calibration and performance certification. Each micropipette is marked with its volume, and the push button is color coded for easy identification. Cost effective and ideal for use in educational environments where speed and precision is required.
