

## Weighing Dishes, Polystyrene Anti-static Square

Weighing Dishes, these Anti-static weighing Dishes will resist diluted acids, aqueous solutions, alcohols and bases. They are ideal for many applications such as weighing, dispensing and storing. They are safe, contamination-free, biologically inert, economical containers for weighing liquid or powdered samples in the laboratory. Their flat bottom ensures perfect stability on counters. They have a smooth surface providing accurate pour-outs with minimal sample loss and facilitating weighing of static-affected samples.

These dishes can also be used as quick freeze trays for sample material, discard trays for broken ampoules, or mixing trays for small batches. Will withstand temperatures up to 80°C.

Description	Stock #	Case Pk	Price/Cs
10 ml Polystyrene Antistatic Weighing Dishes	D250-1	4000/cs	\$120.00
10 ml Polystyrene Antistatic Weighing Dishes	D250-1SP	500/cs	\$25.00
