

# Plastic Laboratory Bottles, Natural LDPE Cylinders w/ Long Tip Spout Caps

The LDPE plastic laboratory bottles with red tip spout caps are available in eight sizes: 2 dram, 1 oz, 2 oz, 4 oz, 8 oz, and 12 ounces, as well as a combo kit featuring six each of four different sized bottles. The LDPE plastic bottles could be useful for disposing cell culture media onto petri dishes, slides, and more. LDPE plastic provides a good moisture barrier and has excellent resistance to acids, alcohols and bases. Caps have .030 orifice.
