

Glass Lab Vials, Clear Glass Shorty Sample Lab Vials w/ No Caps Included

Purchase clear glass shorty sample lab vials with no caps included for bulk pricing and the ability to customize the closures to your specific laboratory needs. These glass lab vials feature a low profile for greater stability and less dead volume above the sample, therefore making it ideal for compound storage. Composed of Wheaton 33 low extractable borosilicate glass, these glass lab vials meet ASTM Type I Class and USP Type I standards. When purchased, these glass lab vials with no caps included are packaged in Lab File corrugated trays with partitions and shrink-wrapped to reduce particulate contamination.
