

## Heat Guns, Ecoheat Heat Gun Kit

If you're not completely satisfied you may return within 30 days - SEE RETURN POLICY

The EC-100K heat gun is packaged with specialized nozzle attachments, including small and large heat spreaders to evenly distribute heat over a wider area, an air reducer attachment to concentrate heat within a smaller area, and a shrink tube attachment. The heat gun and nozzle attachments come conveniently packaged in a durable plastic carrying case. Heat guns can be used in the laboratory to heat temperature sensitive materials, solder and desolder, cure resins, activate adhesives and bend, melt or reshape plastics.
