

Lab Bottles, Leak Proof, Natural Polypropylene Narrow Mouth Water Bottles w/ Plastic Caps

Natural polypropylene leak proof lab bottles are a necessary tool for laboratory or field work. Polypropylene is a highly durable material, and is a good barrier against moisture, oil, alcohol, and chemicals. These lab bottles feature a double seal closure (see diagram below), making them leak resistant. They also feature a no drip pour lip, which prevents dripping down the side of the bottle (see diagram below). These easy and safe to transport narrow mouth bottles will make a great addition to your laboratory. All case packs are safely packaged in bags of 12 with the exception of 209170 and 209170SP which are packaged with 6 bottles per bag.
