

Plastic Tubing, FKM Tubing

This plastic tubing is made of an FKM material which is known for its resistance to oils and chemicals. This remarkable material retains its good mechanical and chemical resistance properties at extremely high temperatures better than any other known elastomer. FKM is also a standout material in its resistance to weather-related aging and ozone. The plastic tubing is sold in 1 foot (0.3 m) increments.

Description	Stock #	Case Pk	Price/Cs
2 mm ID FKM Tubing	I054342	1/cs	\$13.20
3 mm ID FKM Tubing	I054343	1/cs	\$13.51
