

Lab Bottles, Media Bottles, Clear Glass Media Bottles w/ Blue Caps

For general laboratory use opt for these clear glass GL 45 media bottles. Each of these lab bottles features a 30 mm ID opening, making filling and dispensing clean and easy. The enhanced marking spots and graduations are made with a chemically resistant white enamel paint. These autoclavable bottles come with blue polypropylene caps, and a replaceable natural drip free polypropylene pour ring. All case packs with multiple bottles come packaged in 1 single box, and are separated by cardboard dividers. Case packs with 1 bottle are packaged safely in a box with cardboard inserts to hold the bottle in place.
