

Test Tubes, PCR Tubes w/ Flat Plastic Caps

These polypropylene Amplitube™ PCR reaction strips come attached in strips of 8 with attached flat caps. Opt for these test tubes featuring ultra thin sidewalls and bottoms. The thin material allows for an even and efficient temperature transfer. The flat individually attached caps are needle pierceable. The seal will prevent the tubes contents from evaporating during the entire thermal cycle. These test tubes are safely packaged in a single tamper-proof, resealable bags.

Description	Stock #	Case Pk	Price/Cs
0.2 ml Test Tubes, PCR Tubes w/ Flat Plastic Caps - Blue	T320-2B	125/bag	\$100.00
0.2 ml Test Tubes, PCR Tubes w/ Flat Plastic Caps - Green	T320-2G	125/bag	\$100.00
0.2 ml Test Tubes, PCR Tubes w/ Flat Plastic Caps - Natural	T320-2N	125/bag	\$100.00
0.2 ml Test Tubes, PCR Tubes w/ Flat Plastic Caps - Red	T320-2R	125/bag	\$100.00
0.2 ml Test Tubes, PCR Tubes w/ Flat Plastic Caps - Yellow	T320-2Y	125/bag	\$100.00
