

Plastic Caps, Natural LDPE Controlled Dropper Tip Plugs

These natural LDPE dropper tip plugs are ideal for the controlled dispensing of liquids. The controlled drop tips are available in 8mm, 13 mm, and 15 mm sizes. The 8mm tip dispenses 42 μ L per drop; the 13mm and 15mm tips dispense 40 μ L per drop. Each tip dispenses one drop per second, which is ideal for low viscosity liquids.
