

Glass Flasks, Clear Glass Trypsinizing Flasks w/ Rubber Lined Screw Caps

These clear glass tryptic flasks come with black screw caps lined with white styrene-butadiene rubber liners, which help to reduce contamination of the flask contents. The fluted design of these glass flasks is intended to improve mixing. The glass tryptic flasks are made from low extractable clear borosilicate glass that conforms to USP Type I and ASTM E-438 Type I, Class A requirements. Tryptic flasks are commonly used to reduce tissue to cellular components in samples when used with trypsin and a magnetic stirrer. These glass flasks are also useful for removal of cells from microcarrier beads.

Description	Stock #	Case Pk	Price/Cs
35 ml Clear Glass Trypsinizing Flasks w/ Rubber-Lined Screw Caps	355392	1/cs	\$40.78
75 ml Clear Glass Trypsinizing Flasks w/ Rubber-Lined Screw Caps	355393	1/cs	\$48.19
150 ml Clear Glass Trypsinizing Flasks w/ Rubber-Lined Screw Caps	355394	1/cs	\$47.88
