Ohaus Scales, these digital Ranger Compact Counting scales are designed for easy counting, using a high-resolution measuring cell that produces counting results that are fast, stable and precise. Automatic reference optimization insures accurate counting each and every time. Logical menu-based controls and a large backlit LCD display ensure comfortable operation. Two Rangers counting scales can be linked together for fast, accurate dedicated parts counting and inventorying. The cast aluminum housing is well suited for industrial or production environments. Choose from five capacities in two platform sizes.
